I am a first year uni student studying computer science and artificial intelligence at Queen Mary's University of London. Throughout my education I have demonstrated high levels of motivation, work ethic and teamwork to achieve multiple successes. As a devout muslim, patience, sincerity and respect are core aspects of my character that are crucial in a working environment. I am also an avid gym enthusiast which teaches me great discipline, perseverance and dedication. I have the ability to use these skills to complete tasks with the utmost efficiency and quality, no matter the setbacks or obstacles in my way.

SKILLS:

- Leadership
- Ability to work and communicate as a team (casual and professional)
- Can speak arabic at a conversational level
- Very fast learner
- Very confident
- Efficient time management and punctuality
- Very clean

EXPERIENCE:

Musical Theater

- Was part of the musical theatre group during year 10, learning the craft both quickly and effectively
- Took part in multiple performances, all with either lead or semi lead roles

Maths Prefect

- During year 11 I was the prefect for maths
- Head of the maths club where I taught maths to students up to year 11

Head Boy

- Head boy in year 11
- Student representative as a confident leader
- Did safeguarding training
- Attended public speaking events

Physics Head Captain

- Was the designated subject captain for physics in both year 12 and 13
- Attended events where I introduced young people to physics

Siemens (17/07/23 - 21/07/23)

- Spent a week at Siemens, working with multiple different departments
- My favourite team was software development, solidifying my passion for computer science

Hosted Charity Dinner

- Co-hosted a large scale charity dinner
- Served food and entertained guests
- Ensured the entire event ran as planned from set up to clean up
